GAMAGORI HIGASHI SENIOR HIGH SCHOOL VISIT

Rosebud Secondary College has once again hosted staff and students from our Japanese Sister School, Gamagori Higashi Senior High School, at the end of last month. This partnership has been strong for 29 years and we were very happy to have them visit us again.

The Japanese students and staff visited all our Japanese language classes for a range of activities, from dancing with Year 7 and 8 students to exam conversation practice with our Year 12s. All students enjoyed meeting people from another country and it was great to see them to build their skills in intercultural acceptance and understanding.

We had an exceptional group of host families this year who looked after our visitors with great kindness and warmth, all being very keen to show off the best of life in Australia. Our local community were also very supportive – we would like to thank the Enchanted Maze for their generosity.

There will be a study tour of Rosebud students heading to Japan at the end of the term to visit our sister school and tour the country.

Mr Dwyer
